Congratulations! You are now a SoM student! We are excited to be part of your musical story and want you to continue your free lessons with us until you graduate high school.

Being a student at SoM means that you agree with the following:

- I want to attend weekly music lessons from September - June. (hopefully until you graduate)
- I want to practice music on my own time.
- I'll help look after our space + musical instruments.
- I will take care of myself and respect others.

Our Performance Philosophy

Throughout the year you will be invited to celebrate our successes as they develop. We support student performances when students are ready, but not all students perform at every event.
